- **Log in to or create a College Board account online.** PSAT/NMSQT scores will be released online Monday December 10, 2018. Students should log in to their College Board account to see scores and test performance details.
- **Get free, personalized SAT practice.** The PSAT/NMSQT is great preparation for the SAT®. Your teen's score unlocks a free, personalized practice through Official SAT Practice on Khan Academy®. Students go to [satpractice.org](https://satpractice.org), create an account, and link their College Board and Khan Academy accounts for a plan based on their test results.
- **Review AP course recommendations.** Student score reports identify AP® courses that are the best match for them. AP can give your teen an edge in the admission process and earn them college credit while in high school, which saves time and money in college.
- **Explore Careers.** When students log in to see their scores, they can connect with **Roadmap to Careers**. They answer questions to find out which careers interest them, what degrees they will need, and what high school courses to take. They can watch video interviews with people in professions related to their interests.
- **Get started on BigFuture.** Students can begin their College Search using BigFuture™.
- **Register for the SAT.** Take the next step toward college by registering.
