Andrew McMorris was an incredible, kind, and passionate individual with insurmountable potential for his future. In September of 2018, Andrew and Members of Boy Scout Troop 161 were struck by a drunk driver while hiking the Greenbelt Trail. Several scouts were severely injured and 12 year old Andrew McMorris passed away. The lives of his family, friends, community and fellow scouts were forever changed by his loss. In the wake of this immeasurable tragedy, we choose to step forward and celebrate Andrew's life. In honor of his 16th birthday, and his love of aviation and scouting, participants will have the unique opportunity to walk and run on the runway in Andrew's memory. Runners will love this fast and straight unique race course.
